

**Snipes Creek Wasteway Turbidity Measurements
Irrigation Seasons 1997-2005**

The Snipes Creek Wasteway graph for the irrigation seasons from 1997 to 2005 are illustrated by a line graph with turbidity units ranging from 0 to 100 NTU. Year 1997 and 1998 exceeded the goal of 25 NTU, but years 1999 to 2005 have been below the goal of 25 NTU.
