

***Sunnyside Division Board of Control***

***Sunnyside Canal Improvement Project  
MP 37.10 Reservoir***

***ADDENDUM NO. 3***

***Issued: July 9, 2010***

To All Reservoir Plan Holders:

You are hereby notified of the following changes, deletions, additions, corrections and clarifications to the reservoir plans and other documents comprising the MP 37.10 Reservoir plans and specifications for the Sunnyside Division Board of Control.

**CHANGES TO PART 4 – SPECIFICATIONS:**

1. Section 13411 Instruments and Panels Subsystem, Paragraph 1.02 – The materials called out as “provided” in this Section are not provided by Owner. The materials in this section are to be supplied by the Contractor. All Owner-Supplied materials for this project are included in Section 01645 (unless changed by addendum).

**OTHER CLARIFICATIONS:**

1. The two Owner-Furnished Metal Poles in Section 01645, Paragraph 1.03 F of the specifications are not the same as the antenna pole for the pump station control building called out on Drawing 90-E-007. One of the Owner-Furnished Metal Posts is to be located at the Check Structure, as shown in 90-E-001. The other Owner-Furnished Metal Pole is to be located at the Reservoir Inlet and Sulphur Creek Wasteway Structure as shown in 90-E-013. The antenna pole for the pump station control building shall be constructed as shown on Drawing 90-E-007. The pole on Drawing 90-E-007 is Contractor-supplied and should be included in the bid price. The pole listed on the Lighting Fixture Schedule on Drawing 90-E-004 is one of the Owner-Furnished Poles.

In order to ensure that all addenda are received by plan holders, we ask that you

e-mail or fax back to us acknowledgement that you successfully received this notification. Please sign below and immediately email this page back to the Sunnyside Valley Irrigation District office at [startupc@svid.org](mailto:startupc@svid.org) or fax to (509) 837-2088.
