

REQUEST FOR STATEMENTS OF QUALIFICATIONS

Sunnyside Valley Irrigation District (SVID) is seeking Statements of Qualifications (SOQs) from qualified engineering firms for evaluating and designing upgrades to electrical and HVAC systems in commercial buildings. SOQs shall demonstrate competency to analyze existing systems and evaluate existing useful life, knowledge of building code requirements related to electrical and HVAC systems, and cost estimating.

SOQs shall be submitted to Sunnyside Valley Irrigation District not later than close of business on May 31, 2010.
