Konewock Water Ordering

Take number of shares assigned to you on a delivery. Multiply by 0.11cfs. This will give you the maximum cfs allowed on that specific delivery.

Example:

3.52 shares x 0.11cfs = 0.3872cfs

You can now place your order for 0.39cfs for that delivery. If a lower amount is desired, just simply enter a lower amount.

You will need a phone number attached to your account to place an order. If you have troubles with any part of the ordering process, please call (509) 837-6980

Water delivery is made every weekday. All orders placed before midnight will be delivered the next business day. Water orders can be placed by telephone through our automated voice response system, or on the web through the TrueCIP portal. An account will need to be created on TrueCIP to place orders on the web.
